envisage
and save.

Introducing envisage®

All envisage® cartridges are guaranteed to be as good as the original in terms of print quality and page yield, but they retail at a more competitive price.

We can supply a comprehensive range of cartridges for all the leading printer and fax brands including Brother, Canon, Dell, Epson, Hewlett Packard (HP), Lexmark, Samsung and Xerox.

Using a remanufactured cartridge does not invalidate the warranty of any printer or multifunction machine. In addition, the envisage® range is fully covered by a comprehensive warranty that covers both the cartridge and the associated hardware. Every envisage® cartridge is individually tested, and prints at least as many pages as the original. So, for a reliable and cost-effective option, choose envisage®.

You can rely on us to reduce your costs, ethically and sustainably.

envisage[®] cartridges

The complete range of envisage[®] remanufactured toner cartridges are benchmarked to Original Equipment Manufacturer (OEM) specification. Tests for print quality, page yield, reliability, image resolution and density are performed on every individual cartridge. We ensure you get the highest quality every time.

All envisage[®] cartridges are guaranteed to print at least the equivalent pages as the OEM product. The entire range is covered by a comprehensive warranty for the cartridge and your printer or multifunction machine. There's a common misconception that using remanufactured cartridges can void your machine's warranty. This is not true, and your warranty is fully protected if you use envisage[®] cartridges.

Choosing envisage[®] cartridges can represent significant savings for your organisation, and the vast majority of the range are environmentally preferred. The manufacturers of the entire envisage[®] range are registered to ISO9001.

envisage[®] is the sustainable and cost-effective solution for your printer, fax and copier supplies.

We offer a free collection and recycling service for your toner cartridges

Research shows that nine out of ten people¹ would recycle more if it were easier.

So, we've tried to make it as easy as we can for you to recycle your used toner and inkjet cartridges. Just add one of our cartridge collection boxes to your next order and start filling it up. It's that simple, and the service is completely free.

15 million toner and 35 million inkjet cartridges end up in landfill in the UK each year².

¹Source: Friends of the Earth

²Source: Environment Times

Toner cartridges are classified as controlled waste under the Environmental Protection Act 1990 (Waste) Duty of Care regulations, and must be collected by a licensed waste carrier and processed by a licensed waste management contractor.
